Figure 1 displays a 10x10 grid of 100 small plots, arranged in 4 rows (labeled 490, 500, 510, 520) and 10 columns (labeled 100, 110, 120, 130, 140, 150). Each plot shows a sequence of spins (represented by symbols like π , σ , etc.) and their evolution over time. The plots are arranged in a grid where the horizontal axis represents time and the vertical axis represents the position of the spin chain. The evolution shows a wave-like pattern of spins moving across the grid.
